## GRÜNER VELTLINER RIEDE MARIENBERG

### VINEYARD

This Grüner Veltliner thrives on one of the best and highest locations of our region. The height of the vineyards guarantee good ventilation of the leaf wall and the south facing slope brings the best possible sunshine for our grapes. Our grapevines grow on rich Loess soil, which is a very fertile soil type, the products from vines planted on loess soil have a fine minerality. Combined with the ripeness and fruit that result from the optimal location, this is the starting point for excellent wines.

### VINIFICATION
